GREEN IMPRESSION

Cartridge Recycling Program

# GREEN IMPRESSION Cartridge Recycling Program

## ALL THE QUALITY. LOWER COST. CLEANER PLANET.

The IKON Certified Series™ Replacement Cartridges (ICS) used in our Green Impression Cartridge Recycling Program are guaranteed to give you the high print quality you demand – at a fraction of the cost of new OEM laser toner cartridges. Unlike the old “drill & fill” products, IKON ICS cartridges undergo a strict, 20-step remanufacturing process that’s ISO certified. Each cartridge is tested to meet rigid quality guidelines to ensure optimal print performance. So instead of adding more to the nation’s landfills, you’re adding more to your bottom line.

## 100% quality guarantee.

With IKON’s Green Impression Cartridge Recycling Program, your satisfaction is guaranteed on all IKON Certified Series Replacement Cartridges. That means your IKON ICS will be free from defects in material and workmanship, and is 100% compatible with the printer for which it was engineered. If you are not satisfied with your IKON Certified Series Replacement Cartridge, just call IKON Customer Service. We pledge to resolve your problem or refund your money.

## Up to 40% off the cost of OEM cartridges.

When you take advantage of IKON’s Green Impression Cartridge Recycling Program, you save money big time, without sacrificing performance, quality or the environment. IKON Certified Series Replacement Cartridges give you huge savings compared to the cost of original equipment cartridges – up to 40% off in some cases. Not only that, when you take part in our Cartridge Recycling Program, you get a FREE replacement cartridge. Purchase 3 IKON Certified Series™ Replacement Cartridges and get the fourth FREE!

### Here’s how you benefit:

- 100% no-risk quality guarantee
- Cost savings of up to 40% off the OEM price
- Contribute to a greener, cleaner environment
- Assurance of ISO certified remanufacturing process
- Performance equal to or better than OEM cartridges
- Partnership with industry-leading imaging experts
- Cartridges thoroughly tested before shipping
- Proven quality of IKON Certified Series™ Replacement Cartridges
- Nationwide toll-free service: 1-888-TRY-IKON

## Saving money and the planet. As easy as 1-2-3.

We make it easy for you to participate in IKON’s Green Impression Cartridge Recycling Program, where you’ll save time and money while doing your part for the environment. Here’s all you do:

- 1 Place your empty cartridge in its original box. Reuse the foil bag and any packing inserts to protect the product during shipping.
- 2 Place all boxes in a central collection area in your office. When the collection area is full, call and schedule a pickup. Make sure all employees know the location specified.
- 3 Empty cartridges will go directly to a recycling center, where they will be remanufactured to premium quality IKON Certified Series Replacement Cartridges, and returned to you.

### Recycling makes sense, naturally.

- Every year, millions of pounds of plastic are added to our nation’s landfills, taking up valuable space and wasting priceless resources.
- The plastic used in a typical laser toner cartridge takes 1,000 years — ten centuries — to decompose. Recycling your cartridges only takes a few minutes.
- Thanks to recycling and remanufacturing, more than 2 million pounds of plastic and metal are kept out of landfills each year. A number that continues to grow.
